

5th November 2020

CERTIFICATE OF COMPLIANCE

Food Contact Status

We hereby certify that the coating of our T0855 is in compliance with **EU Regulation (1935/2004) Food Contact Materials**. A safety determination carried out by Council of Europe, as required by this regulation, is available for the coating.

By observing the above regulations, we have fulfilled our duty of care regarding the compliance of the product with legislation governing food contact applications.
